Jeff S Jordan:

I am in receipt of your letter and the complaint. First I must say I am sorry these watch dog groups make up things they fabricate to cause your office to chase your tail, however I guess its the political way. I am giving you the same facts I have given to the Department of Justice and its completely true.

1 I have never given a donation to Aaron Schock for Congress or any other office he has run for.

2. I have never given and in kind donation of my aircraft to Aaron Schock personally , or for an office he has run for.

3. TC investments 3 LLC leases the Aircraft to Byerly Aviation out of Peoria Illinois and they handle the aircraft and are in control of the aircrafts charters and usage.

Best Regards
Todd Green
